“Dear Sirs

I recently had MRS Tiling carry out some tiling works for me at a prestigious site in Windsor, they went beyond their scope of works with their assistance to help resolve some issues with the existing surfaces before they commenced there works. Their work was of a very high standard and the operatives conducted themselves in a pleasant and amiable manner, they kept working area extremely tidy meaning there was minimal cleaning up for my operatives. I would not hesitate in recommending MRS Tiling and I will certainly be using them again.

Yours Sincerely

Neale Hewitt – D.T.C. Contractors Manager”
